# THE NEW COMBINATION RATCHET WRENCH SET IN WS 10, 13, 17 AND 19

**NEW**

The wrenches for confined space screw connections.

The GEDOREd **combination ratchet wrench R072011XX** is the ideal solution for ratchet loosening or quick tightening. Thanks to the angled ring end, hard to reach screw connections can be easily loosened and tightened, and the risk of injury in confined installation spaces is reduced. The innovative clamping function in the ratchet head ensures especially efficient working – screws or nuts can be safely guided to the point of use.

from **€11,17** + VAT

Combination ratchet spanner 13 mm – R072011XX

**1** ANGLED RING RATCHET HEAD

**2** EFFICIENT WORKING WITH HOLDING FUNCTION

**PROBLEM-FREE**

**R0720 11XX**  
**COMBINATION RATCHET**  
**SPANNER**

Reversible

- > Innovative hold function in the ratchet head for holding and safely guiding nuts or screws and bolts without slipping through
- > Problem-free with long threaded rods, if long nuts are not available or sufficient
- > 15° angled ring ratchet head for fault-free working

# 43-PIECE TORSION BIT SET INCLUDING BIT SCREWDRIVER

**NEW**

Long or short – the right bit is always at hand in the compact plastic case.

The GEDORE red **torsion bit set R33003043** is simply ideal for especially demanding screwing joints. Tough timber or even metal, the torsion zone ensures extremely high stressability and protects the bits against premature wear and tear. The included bit screwdriver is flexible and has a ratchet function, so it is also comfortable for working on hard to reach areas. The easy to see size marking on the bits means there's no tiresome looking around and ensures quick access.

Torsion bit set – R33003043

**1** FLEXIBLE BIT SCREWDRIVER INCLUDING RATCHET

**2** HIGHLY STRESSABLE TORSION BITS

**3** 43 PIECES FOR NUMEROUS SCREW JOINTS

**4** SAVES TIME: SIZE MARKING ON THE BITS

**FOR TOUGH SCREWING JOINTS**

**R3300 3043**  
**TORSION BIT SET**  
 43 pieces

- > 43-piece torsion bit set for a multitude of screw joints
- > Flexible bit screwdriver with ratchet function (for working in confined spaces)
- > Bits with torsion zone for high stresses
- > Easy to see size marking on bits for quick access
- > For manual and machine operation

# ALLEN KEYS WITH COLOUR CODING

The two 9-piece Allen key sets with the most popular used sizes for immediate overview in your day-to-day work.

The 9-piece GEDORE red Allen key sets R36401009 and R36601009 are simply perfect for tightening or loosening TX and hexagon head screws and bolts. With the 9 most popular used sizes (T10 - T50 or 1.5-10 mm) you are always best equipped for the most important screwing work. The round shape is comfy on the hand and ensures pleasant handling – in continuous use as well. The extra long handle means a greater leverage effect and makes it easier to apply force. The

R36601009 excels with its spherical head, with hard to reach screw connections as well. The colour coding means the right size can be found in a flash. Both sets come safely stored away in the plastic holder with practical belt clip – fold open for easier taking out.

# ORGANISED HELPER FOR EVERY PROJECT

The workshop trolley GEDWorker provides easy drawer access from 2 sides and extra storage room.

With its 5 drawers and 1 storage compartment in the base, the GEDORE red **workshop trolley GEDWorker R20152205** ensures perfect order and plenty of space. Ideal in confined work areas: 2-way opening for easy access in the workshop or hobby room. The small parts compartments in the lid also ensure order and a clear overview on the trolley. Thanks to the externally fixed castors, with its 200 kg load bearing capacity, even when fully loaded the GEDWorker moves smoothly and safely, making it a reliable helper in every workshop. To top it all off the sturdy overall package also scores well with its tough powder coating in stylish black.

# THE ORGANISED COMPANION

The easy to manoeuvre and sturdy workshop trolley GEDMaster with 7 drawers and trendy design.

**Workshop trolley GEDMaster R20202207** from GEDORE red: 7 smooth-running drawers, 400 kg stable load capacity and a top quality chassis – you want for nothing here. Thanks to 2 different drawer heights, everything from pliers wrench to hammer through to the complete tool insert of all work equipment can be individually stored and organised with a clearly structured overview. Even when the drawers are fully loaded up to 40 kg the ball bearing-mounted guide rails ensure sleek and smooth-running opening. The GEDORE trapezoidal axle structure also ensures optimum rolling characteristics and stability at the point of use with 400 kg loading. The stylish powder coating in black complements the workshop trolley and makes it a tough but aesthetic companion for every purpose.

# 2 IN 1: THE MINI WORKING LAMP WITH UV LIGHT

Lightweight with 7 h light output and 3 switching functions.

The magnetic GEDORE red **mini working lamp UV R95200111** – ideal for car work, workshops, cellars or everywhere handy light is required. The compact lamp fits into all trouser pockets and can also be fixed with a clip or magnets for handsfree working. The highlight: The integrated UV light provides even more efficiency – and not just in the automotive area. With just 3 h charging time for a full 7 h of lighting time, it's an absolute must-have for all trades.

Mini working lamp UV – R95200111

# FLEXIBLE HEADLAMP WITH SENSOR CONTROL

**NEW**

**Individual, tiltable field of vision lighting for full view.**

The GEDORE red headlamp R95500058 – up to 260 lm luminosity in direct field of vision. The ideal companion for handsfree working in the workshop, construction site, garage, in the home and everywhere else. With 4 different

light settings (50-260 lm) for focussed or widely-diffused light, the headlamp can be individually set according to the light required. The gesture control enables contactless switching on and off with a gesture of the hand. The elastic headband flexibly fits every head size. Strong light for up to 9 h.

Headlamp 260 – R95500058

- 1** 4 LIGHT LEVELS
- 2** CONTACTLESS SWITCHING ON AND OFF
